

Safety data sheet

Wooden Shed

Version 1.0

Effective date: 09-10-2024

SECTION 1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY / UNDERTAKING

1.1 Product identifier.

Trade name: Wooden Shed.

1.2 Relevant identified uses of the substance or mixture and uses advised against:

Product use: Wooden Shed.
Do it yourself package.

1.3 Details of the Supplier of the safety data sheet:

Supplier: Timbela ir Ko
Ryternos g. 3B-2
Biruliškių k., LT-54469 Kauno r
Lithuania
Tel.: +370 689 68031
www.timbela.com
sale@timbela.com

1.4 Emergency telephone number:

Use your local emergency number.

SECTION 2. HAZARDS IDENTIFICATION

2.1 Classification of the substance or mixture according to CLP No 1272/2008 / GB CLP.

Not classified, the product is an article.

2.2 Label elements CLP No 1272/2008 / GB CLP.

Not classified.

Additional labelling:

-

2.3 Other hazards.

Wood dust and dust from OSB board are harmful if inhaled.

Contains no PBT or vPvB substances according to REACH No 1907/2006.

This mixture does not contain substances with endocrine disrupting properties in accordance with the criteria laid down in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

3.1 Substance:

The product is a mixture/article.

3.2 Mixture:

Products mainly made of wood and OSB Board.

Safety data sheet

Wooden Shed

Version 1.0

Effective date: 09-10-2024

SECTION 4. FIRST AID MEASURES

4.1 Description of first aid measures.

General information: In all cases of doubt, or when symptoms persist, seek medical attention.

Inhalation: Normally no hazard as delivered.

Skin contact: Normally no hazard.
Dust is slightly irritating to skin, brush of.

Eye contact: Dust:
Remove contact lenses if present. Flush eyes with eyelids open for several minutes under running water. Be sure to rinse under the upper and lower eyelids. If eye irritation persists get medical advice/attention.

Ingestion: Ingestion is normally unlikely due to the shape of the product. Rinse mouth thoroughly with plenty of water and spit out.

4.2 Most important symptoms and effects, both acute and delayed:

Wood dust / OSB board:
Exposure to dust may cause irritation. Processes such as cutting, grinding, crushing, or impact may result in generation of excessive amounts of airborne dusts in the workplace. Nuisance dust may affect the lungs but reactions are typically reversible. Wood dust (generated from sawing, sanding or machining the product) may cause nasal dryness, irritation, coughing and sinusitis.

4.3 Indication of any immediate medical attention and special treatment needed:

Treat symptomatically.

SECTION 5. FIRE FIGHTING MEASURES

5.1 Extinguishing media: Carbon dioxide, dry chemical powder, foam, water spray/mist.

Unsuitable extinguishing media:

Water jets should not be used, since they can spread the fire.

5.2 Special hazards arising from the substance or mixture:

In case of fire, harmful decomposition products may be formed, do not inhale.

5.3 Advice for firefighters: Wear self-contained breathing apparatus and protective clothing to prevent contact.

SECTION 6. ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions, protective equipment and emergency procedures:

See section 8 for recommendations on the use of personal protective equipment. Do not breathe dust.
Avoid dust in eyes and skin contact.

Safety data sheet

Wooden Shed

Version 1.0

Effective date: 09-10-2024

6.2 Environmental precautions:

Prevent from entering into sewers, watercourses, drainage ditches, surface water and groundwater.

6.3 Methods and material for containment and cleaning up:

Collect for disposal.
Reuse or dispose of waste in compliance with current legislation.

6.4 Reference to other sections:

See section 8 for personal protection.
See section 13 for disposal.

SECTION 7. HANDLING AND STORAGE

7.1 Precautions for safe handling:

See section 8 for recommendations on the use of personal protective equipment. Ventilation. Dust extraction (suction). Avoid contact with skin and eyes. Do not breathe dust.
Always wash hands after handling the product. Do not drink, eat or smoke in the workplace. Vacuum frequently dust.

7.2 Conditions for safe storage, including any incompatibilities:

Does not require any specific or particular technical measures.
Store in dry, well-ventilated area.
Store away from open flames.

7.3 Specific end use(s):

This product should only be used for applications described in section 1.2.

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

8.1 Control parameters

Occupational exposure limits EH40 (Great Britain):

Wood dust 5mg/m³.

DNEL / PNEC:

-

8.2 Exposure controls.

Appropriate technical measures:

Normal room ventilation. In case of dust formation, provide local exhaust ventilation.

General information / hygiene measures:

Smoking, consumption of food or liquid, and storage of tobacco, food or liquid, are not allowed in the workroom. Whenever you take a break in using this product and when you have finished using it, all exposed areas of the body must be washed – before washing, flush exposed area with cold water. Always wash hands, forearms, and face.

Personal protective equipment:

Only CE-marked personal protection equipment should be used.

Safety data sheet

Wooden Shed

Version 1.0

Effective date: 09-10-2024

- Respiratory protection:** Normally unnecessary.
In case of dust: If ventilation is insufficient, suitable respiratory protection must be provided - filter P1/2 depending on exposure.
Dust from OSB board must not be inhaled.
- Hand protection:** Work gloves.
- Eye protection:** Wear protective goggles if there is a risk of contact with dust, and if you work with the product over the head. EN 166.
- Body protection:** Normal working clothing.
- Measures to avoid environmental exposure:**
No special precautions are necessary.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

9.1 Information on basic physical and chemical properties:

Physical state:	Solid
Colour:	Product specific
Odour:	Not relevant/no data
Melting point:	Not relevant/no data
Melting point surface:	Not relevant/no data
Boiling point:	Not relevant/no data
Flammability:	Combustible
Lower and upper explosion limit:	Not relevant/no data
Flash point:	Not relevant/no data
Auto-ignition temperature:	Not relevant/no data
Decomposition temperature:	Not relevant/no data
pH:	Not relevant/no data
Kinematic viscosity:	Not relevant/no data
Solubility:	Insoluble in water
Partition coefficient n-octanol/water:	Not relevant/no data
Vapour pressure:	Not relevant/no data
Density and/or relative density:	Not relevant/no data
Relative vapour density:	Not relevant/no data
Particle characteristics:	Not relevant/no data

9.2 Other information:

None.

SECTION 10. STABILITY AND REACTIVITY

- 10.1 Reactivity:** No dangerous reactivity occurs under normal conditions.
- 10.2 Chemical stability:** Stable under normal storage conditions.
- 10.3 Possibility of hazardous reactions:**
None known.
- 10.4 Conditions to avoid:** Open flames and other sources of ignition.
- 10.5 Incompatible materials:** None known.

Safety data sheet

Wooden Shed

Version 1.0

Effective date: 09-10-2024

10.6 Hazardous decomposition products:

The product is not degraded when used as recommended.

SECTION 11. TOXICOLOGICAL INFORMATION

11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008 / GB CLP.

Acute toxicity: Not classified.

Wood dust / OSB board:

Exposure to dust may cause irritation. Processes such as cutting, grinding, crushing, or impact may result in generation of excessive amounts of airborne dusts in the workplace. Nuisance dust may affect the lungs but reactions are typically reversible. Wood dust (generated from sawing, sanding or machining the product) may cause nasal dryness, irritation, coughing and sinusitis.

Skin corrosion/irritation: Not classified.

Serious eye damage/irritation: Not classified.

Respiratory or skin sensitisation: Not classified.

Germ cell mutagenicity: Not classified.

Carcinogenicity: Not classified.
People who are exposed to on-the-job wood dust or who work in occupations associated with the dust have elevated rates of lung cancer.

Reproductive toxicity: Not classified.

Specific target organ toxicity - single exposure: Not classified.

Specific target organ toxicity – repeated exposure: Not classified.

Aspiration hazard: Not classified.

11.2 Information on other hazards:

Endocrine disrupting properties: The product/substance has no endocrine disrupting properties.

Additional information: None.

SECTION 12. ECOLOGICAL INFORMATION

12.1 Toxicity: The product is not classified as harmful to the environment.

12.2 Persistence and degradability: The product is not readily biodegradable.

Safety data sheet

Wooden Shed

Version 1.0

Effective date: 09-10-2024

12.3 Bioaccumulative potential:

No potential known.

12.4 Mobility in soil:

Not relevant.

12.5 Result of PBT and vPvB assesment:

The product does not meet the criteria for PBT or vPvB.

12.6 Endocrine disrupting properties:

The product/substance has no endocrine disrupting properties.

12.7 Other adverse effects:

Not relevant.

SECTION 13. DISPOSAL CONSIDERATIONS

13.1 Waste treatment methods:

Avoid release to the environment.

Dispose of waste and residues in accordance with the municipal waste regulations. Please note that it is the responsibility of the end user to assign the correct waste code.

Contaminated packing:

According to the type of the material.

SECTION 14. TRANSPORT INFORMATION

This product is not classified as dangerous to transport.

	ADR/RID	IMDG/IMO
14.1 UN number or ID number	Not relevant	Not relevant
14.2 UN proper shipping name	Not relevant	Not relevant
14.3 Transport hazard class(es)	Not relevant	Not relevant
14.4 Packing group	Not relevant	Not relevant
14.5 Environmental hazards – MP EmS:	No Not relevant	No Not relevant
Other informations	LQ: Not relevant Tunnel: Not relevant	LQ: Not relevant Tunnel: Not relevant

14.6 Special precautions for user:

Not relevant.

Safety data sheet

Wooden Shed

Version 1.0

Effective date: 09-10-2024

14.7 Maritime transport in bulk according to IMO instruments:

Not relevant.

SECTION 15. REGULATORY INFORMATION

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture:

Current ADR regulations 2023. Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 2013. Regulation (EU) 2016/425 of 9 March 2016 on personal protective equipment. Hazardous Waste (England and Wales) Regulations 2005 (as amended). EC regulation 1907/2006 (REACH) Directive 2000/532/EC. Seveso directive: 96/82/EC. EC regulation No 2020/878. CLP regulation No 1272/2008. REACH regulation 1907/2006. GB CLP.

Additional information: None.

15.2 Chemical safety assessment:

Chemical safety assessments have not been performed for this product and are not relevant.

SECTION 16. OTHER INFORMATION

Full text of H-phrases as mentioned in section 3:

None.

Additional information:

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety, and environmental requirements only. Use the product for mentioned application only. The user is responsible for proper ventilation and respiratory protection if needed.

Descriptions of possible used abbreviations:

BCF Bioconcentration factor.

BOD Biochemical Oxygen Demand.

CAS Chemical Abstracts Service (service that maintains the most comprehensive list of chemical substances).

COD Chemical oxygen demand.

DNEL Derived No-Effect Level.

EC50 Effective Concentration 50 %. The EC50 corresponds to the concentration of a tested substance causing 50 % changes in response (e.g. on growth) during a specified time interval.

IMDG International Maritime Dangerous Goods Code.

LC50 Lethal Concentration 50%: the LC50 corresponds to the concentration of a tested substance causing 50 % lethality during a specified time interval.

LD50 Lethal Dose 50 %: the LD50 corresponds to the dose of a tested substance causing 50 % lethality during a specified time interval.

log KOW n-Octanol/water.

MARPOL International Convention for the Prevention of Pollution from Ships (abbr. of "Marine Pollutant").

PBT Persistent, Bioaccumulative and Toxic.

PNEC Predicted No-Effect Concentration.

UN RTDG UN Recommendations on the Transport of Dangerous Good.

vPvB Very Persistent and very Bioaccumulative.
